Dear Parents and Caregivers,

In 2014, the student work book for Maths was ordered as part of the student book list. Unfortunately, we experienced supply issues and this meant students work books arrived weeks after the start of school.

In order to ensure student Maths books are available for the beginning of the 2016 school year, the school will place a bulk order with Pearson Australia for the student work books. Please fill in the order form for all family members and place it in the envelope attached along with your payment. The payment envelope clearly outlines the payment methods for you. Your order will be delivered to your child’s classroom in 2016.

**We cannot accept book orders without the money.**

If you have any questions, please do not hesitate to contact Lynne Cooke (Lynne.Cooke@education.wa.edu.au) or Diana Tindale. All orders are to be dropped at the office or to your child’s class teacher.

Regards,

Lynne Cooke
